For standard items, please see over. For non-standard items/special commissions, please ring Whistlestop Pottery to discuss possibilities, and confirm the cost, or alternatively fill in as many details as you can and mark the box requesting an estimate before we proceed with the order. Please add postage - see the chart on the left.

Guarantee:

In the unlikely event that you are not delighted with your bank, please return it for a full refund.

Price List

Money Banks

These money banks are entirely hand made from a thrown form. They are wind instruments based on the Ocarina (Italian *oca* a goose) and can be played by blowing down the nose and covering the money slit with the fingertips. They are gift-boxed, and each comes complete with an individually numbered certificate of authenticity. Each differs to produce a unique work of art.

Whistlestop Pottery was established in 1990, and specialises in the production of “designer” musical money banks. Following their launch in July 2001, our Haggis Whistle™, and the larger Haggis Caller / Money Bank™ have proved to be our best-sellers. In skilled hands they perfectly mimic the mating call of the Haggis!

The following is a list of the commonest banks made. Suggestions for further additions are always welcome (see below)!

Please remember, every bank is an individual, and I am always delighted to customise any bank for the person who will be receiving it. So, feel free to provide logos for rugby clubs, soccer teams, bowling/curling clubs; different military uniforms; nurses etc etc. Initials can be added to individualise certain banks (eg Joiner, Chef, Golfer), or let your imagination run riot for something totally different. Any hobby, profession or caricature considered. Give me a ring (evening is best) to discuss the possibilities, or jot down ideas/sketches on the other side, send it to me, and I will give you a ring to discuss the options and cost, before going ahead, subject to your confirmation of the order.
